

## Final Plans Made By Fair Officials For 1941 Exhibits

**Schedule Calls For Road  
26 Opening On Fri-  
day, April 11**

The management of the Everglades Fair is making last minute clean up on details so that there will be nothing left undone to make the big exposition a complete success.

Report is that all the booths and tents have been leased, and

that there will be excellent displays of vegetables, fruits and products of the Glades farm. Farm implements, automobiles, school exhibits, flowers, fancies, work, and of course the usual midway attractions.

The Johnnie Smith Great Southern Show moved its outfit into the Legion grounds this week and began preparations for getting ready to

Manager Bert Lapp states that the ceremonies on Friday, Aug.

the ceremonies on Friday, April 11, at the Broward county line where the unveiling of a Legion monument and the real Will Memorial road opening exercises will

After the fish fry at the Pahokee fair ground the main address

of the afternoon will be given over to the loud speaker service by Fred L. Cone, ex-governor of Florida. Governor Spessard Holland has sent his regrets that he will be unable to be present at the fair, and the acceptance from former Governor David Sholtz has not yet been received by the management. J. H. Dowling will be present to represent the State Highway Department.

On Friday, prior to the Cone address, the Mayors of Okeechobee, Pahokee, Belle Glade, Clewiston and Moore Haven will bring well-

The fair management has persuaded the special south-Florida delegation to change its plans a bit, so that it will come direct to Pahokee after the Broward county line ceremonies are over. Following the Cone address, a caravan will be formed to visit the industrial section at Belle Glade, where addresses will be made, and the

Georgia people and the Woodmen of the World are also working up a big demonstration for the afternoon of April 12, the closing

day of the fair, and Ed River, former governor of Georgia, has sent word that he will be here to speak on that occasion, as well as to renew old friendships in the Glades.

The Pahokee Rotary club will not hold its regular Thursday noon lunch, but will join all other Palm Beach county civic organizations at the evening meal to be served at the Legion Pavilion.

---

**"Slick" Kirchman**

## New Rotary Head

The recently elected board of directors of the Belle Glade Rotary club chose officers last week for the coming Rotary year, which starts the first of July.

A. E. "Slick" Kirchman was chosen by the board members to serve as president of the Belle Glade club during the coming

year. Mr. Kirchman is mayor of Belle Glade and one of the most popular young business men in the

George Farnall, who has served efficiently in the past, was re-elected as secretary of the organization. Louis Salmonte was chosen as treasurer. Jay Jameson, the retiring president and will become a member of the board of directors. They are: Al Kirchmaier,

R. W. Kidder, Lou Betzner, H. Chamblee, H. Tillery and Luke Jones.

**VISITS OLD HOME**  
Thomas Hunter, a white, whiskered pioneer of the Everglades now residing in Ft. Lauderdale, accompanied by his sister, spent the past week in Pahokee visiting

friends and looking after business matters. He was amazed at the progress made in the Glades over the days when he was active here in developing the farming interest.

---

**VISIT IN CANAL POINT**  
Garrett Griggs, of Jacksonville, was the guest of Dr. and Mrs. J. H. ...

C. Thompson Saturday.

## MORROW and BECK LEAVE FOR LEGISLATIVE HALL

Hon. Russell Morrow of Lake Worth and Hon. Herbert D. Beck of Belle Glade will leave this week end for Tallahassee where they will serve as Palm Beach county's representatives in the coming session of the Legislature. The session will be convened next Tuesday, April 8.

Mr. Morrow will be serving his third term in the House of Representatives and will be among 20 of the 95 members who have had more than two terms experience at law making. Mr. Beck will be serving his second term.

Neither of Palm Beach county's representatives has any special or pet bills to sponsor during the coming term, so they have told us. However, they will have a great deal of local legislation to take care for various towns, cities, drainage districts and boards.

## FACTORY FARMING

New industrial uses for old, discarded crops are adding up to potential profits for farmers. A hitherto untapped source of revenue lies in the discarded seeds from "seedless raisins," which have been found to contain an oil rich in vitamin F, the "skin vitamin" used by cosmetic makers. Banana skins, traditional stock in trade for comic strip writers, are now raw material for synthetic Japanese hemp. Manufacturers may soon utilize 4,000,000 pounds annually.

From Brazilian coffee, one a drag on the export market, caffeine, a new plastic, is being made. The bean is processed to form a powder which is modeled under pressure. An acid found in rancid butter is the basis of a newly patented salve to protect the skin against poison gasses—A. F. I. Bulletin.

## FIGHTING ROOSTERS

In certain places in the state the old game of pitting fighting roosters against each other still prevails. Especially where

there is a large sprinkling of Latins. Tampa is not innocent of the "sport," nor are Key West, Miami and Pensacola. Likely we could find that sort of thing going on closer home.

Always there is the added excitement and incitement at these cockfights of laying the wagers on the outcome. Some devotees of the cockpit asked Attorney General Tom Watson if it was contrary to law to bet on cockfights. The obliging attorney general delved into the law and said it is a violation of law to so bet; but, he adds, it is not contrary to law to raise gamecocks and train 'em for battle.

Back in colonial days in our country the cockpit was a gathering place for sportively inclined folk of all degrees. It was mixed as a town meeting. The burgess laid his pounds sterling against the planter's, while his footman bet a shilling against that of a stablehand from the tavern. The late Opie Reid almost immortalized a character in "The Luckins" who used his pair of gamecocks as an outlet for pent-up emotions.

Well, you can have your game chickens, you might even fight 'em, but you'll transgress the law if you lay a coin on their progress.—Bradenton Herald.

## NON-RESIDENT WARDENS

Much publicity attends the forthcoming legislative program which the State Game and Fresh Water Fish Commission will sponsor but aside from minor changes in the program it is about the same as it brought up at every session with no greatly constructive or new ideas for game preservation in the state.

This is rather unfortunate for we have a new Governor who is conservation-minded and his influence with the Legislature this year will be at its peak. We believe that a successful program could be put through if worked out but it is not likely that forces are well enough organized in the state to do much good this year.

Those who are really interested in game preservation should demand that the department be taken out of politics entirely and we believe that game wardens should be employed much as the state road patrolmen are employed at present, on the basis of efficiency as shown by passing of strict examinations, and in no case to serve in the county of his residence. We believe too that wardens, even those employed under such a system, should be transferred at intervals except in those counties where the hunting areas are so extensive that a period of adjustment is necessary.—Moore Haven Democrat.

## TO BUILD NEW SHOP

G. C. DeLavena, who has operated the Belle Glade Machine works in that city for the past few years, has secured a building permit for the erection of a new two story building 38 x 70 feet in dimension. The lower floor will be used for shop purposes and the upper floor for his family apartment. The

estimated cost is \$20,000.

## 35 In Class At First Meet

The initial session of the Distributive Educational class was held at the Pahokee High school, Wednesday night, with some 35

interested persons from various vocations present. This school is a part of the Government's free educational program for adult business people, and is under the supervision of the Board of Public Instruction and Supt. John I. Leonard.

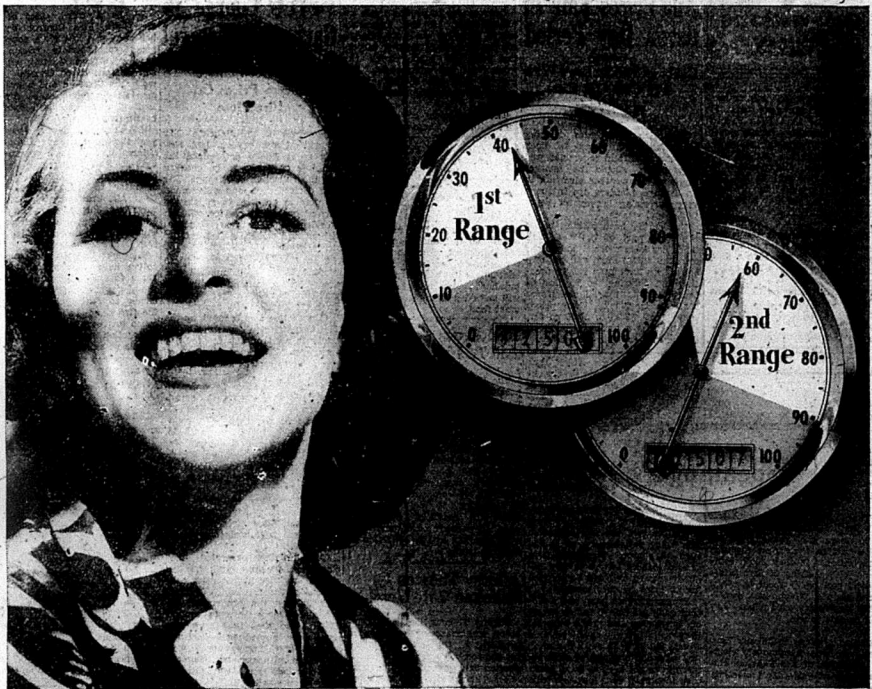

If the opening session is a criterion, then the school will be a

huge success. Mrs. West is a most capable lecturer on her work, and it is indeed a pleasure to hear and witness the manner in which she presents the subject under consideration.

The first four weeks of the course will be given over to general study leading up to the individual sales classes to be formed.

Mrs. West laid the essential foundation for business success, work, based on Dale C. rules.

At the next meeting, discussed will be "Sales Approach" plans are also being provided for classes in show card writing and retail salesmanship.

# "I get Double Range Anti-Knock!"

Every motorist knows that there are two important ranges of acceleration where highest anti-knock performance is needed. For example, you need knockless power at 10 to 45 miles per hour for acceleration in traffic and 45 to 90 miles per hour for passing other cars and climbing hills. Some gasolines may give high anti-knock in one range but not in the other. But the new Sinclair H-C combines high anti-knock performance in both ranges.

With the Double-Range anti-knock in H-C you also get other remarkable qualities in performance. You get quick starting—rapid pick-up—smooth power—and long mileage.

Try a complete tankful of the new Double-Range H-C in your car today. Your nearby Sinclair dealer sells it at regular price. You will find it adds to the pleasure of driving and helps reduce motoring expense as well! Ask for the new Sinclair H-C.

# New SINCLAIR H-C

For performance, no gasoline at regular price is superior to the new Sinclair H-C.

## HOLY WEEK SERVICES

### Canal Point Methodist Church

It is necessary during this period of world crisis for us to pause and draw strength and courage from the life of the Master. We find our own strength sufficient to give us that feeling of inner peace and security. At this Easter let us draw near the Savior in meditation and learn more of his way of life.

### HOLY WEEK MEDITATIONS

April 6th—19th  
 Sunday, April 6th—7:30 p. m.  
 "Borrowed."  
 Monday, April 7th—8:00 p. m.  
 "Invaded Temples."  
 Tuesday, April 8th—8:00 p. m.  
 "Beyond Entanglement."  
 Wednesday, April 9th—8:00 p. m.  
 "Not Always."  
 Thursday, April 10th—8:00 p. m.  
 "Bread Of The Upper Room" (Communion).  
 Friday, April 11th—8:00 p. m.  
 "The Cross Victorious."  
 Easter Sunday, 12th—11:00 a. m.  
 "Life Victorious."

Rev. Meyer of Okeechobee and Rev. Carroll Varner of West Palm Beach will be guest speakers Monday and Tuesday.

## NOTICE OF APPLICATION FOR TAX

(Senate Bill No. 182) §

NOTICE IS HEREBY GIVEN, That Jan van Nibbel, holder of Tax Certificate No. 1008, issued the 31st day of July, A. D. 1937, has filed same in my office and has made application for a tax deed to be issued thereon. Said certificate embraces the following described property in the County of Palm Beach, State of Florida: Tract "A" Okeechobee Addition, Township 34 South, Range 25 East, Section 36, T. 34 S., R. 25 E., S. 36. The assessment of the said property described therein will be sold for the highest bidder at the court house door on the 1st day of May, 1941, which is the 31st day of May, 1941.

Dated this 31st day of March, 1941.

## Would Assess \$1.25 Fishing Tax

S. E. Rice, chairman of the Game Commission of Florida, has made a number of recommendations for changes in laws, which have stirred up sportmen to no little degree. Rice would like to see a license for all fishermen, and the elimination of taxes on salt water boats and a salt water fishermen.

Harold Rosenberg, president of the Pahokee-Canal Point Wild Life League, calls attention to the fact that a proposed bill to eliminate such a tax would have the effect of making it possible for anyone to fish in the big lake.

A general meeting of all South Florida sportmen's clubs is called for the West Palm Beach Fishing Club home tonight, at which time discussion will be held on game and fish topics, as it affects this section.

The Glades will be in a delegation to fight the proposed license and the removal of fish traps from the breeding grounds of the lake.

**WILL HOLD JOBS**  
Governor Spessard Holland has announced that in cases where elected public officers are called to the national defense service, they will not lose their jobs, as no name temporary officers during their absence, if the term does not expire while in service. State employees will be reinstated to their former positions in a like manner.

**Everglades Insurance Agency**

### Rev. Flynn Gives Week Schedule

The following schedule of Holy Week services to be observed at the Catholic Churches of the Everglades has been announced by the Rev. Father Lawrence J. Flynn, pastor.

In Saint Margaret's Church, Clewiston, on Palm Sunday the blessing and distribution of palms takes place at 7:45 A. M. Mass follows immediately, during which is read the History of the suffering and death of our Divine Savior.

Holy Thursday, Good Friday, and Holy Saturday mornings the Mass begins at seven o'clock. After Mass Holy Thursday the Blessed Sacrament is removed from the altar until Holy Saturday.

Good Friday during Mass the veneration of the Cross, in which the faithful devoutly adore the altar and kiss the crucifix, takes place.

Good Friday afternoon at three o'clock the ceremony of the Stations of the Cross takes place. Holy Saturday morning the Paschal Candle, and the Easter Holy Water is blessed.

Easter Sunday morning at eight o'clock the solemn Mass of the Resurrection is celebrated. During this Mass six young children of the parish and several new members of the church will receive their first Holy Communion.

This is also general Communion day for the entire parish. In Saint Mary's Church, Pahokee, on Palm Sunday, the blessing and distribution of palms takes place at ten-thirty A. M. followed by Mass.

Good Friday evening at eight o'clock a special ceremony will take place in keeping with the solemnity of this day on which Christ died for us.

The Mass on Easter Sunday morning will be at 10:30 A. M. This is likewise general Communion day for the members of Saint Mary's.

Confessions are heard in Clewiston on Saturday evenings from 7:30 until 8:30, and in both churches before all morning services.

Father Flynn extends to the general public a cordial welcome to attend any or all of these services.

**BACK TO WASHINGTON**  
Mr. and Mrs. J. W. Milligan, and family, who have made their home at South Bay, are now taking up their residence in Washington, D. C. Mr. Milligan is the weather bureau man at the Everglades Experimental station during the winter months.

**NEW SON**  
Arthur Lynn Spooner, Jr., has been added to the family roll of Mr. and Mrs. Arthur Lynn Spooner, of Pahokee, having been born at the Everglades Memorial hospital on March 28th.

### Lee Rules On Tax Collection

Gasoline being used for blending in diesel or tractor fuel must pay the state's gas tax, State Comptroller J. M. Lee has ruled in an effort to close another possible gap in the tax enforcement machinery of the state. His notice to the gasoline distributors calls upon them to pay the gas tax on "every gallon of gasoline or other like products" brought into the state with the lone exception of exempt aviation gasoline.

Reports that blenders of low grade fuels not used in gasoline engines in automobiles have been deducting the gas tax on such gasoline brought the comptroller's decision after investigation disclosed the wide opportunity for evasion of this tax which is already reported insufficient to meet the demands of the defense program for highways.

The tax will be collected from the oil distributing companies.

### To Enlarge Camp Osceola

Material is being delivered at Camp Osceola at Belle Glade for the building of an extension to the present administrative building, which will be 40 x 50 feet. A shed structure which will hold a garage, pump station, hose

rearse rack and warehouse space. The Kirkpatrick Construction company which has the contract for the extension of the camp, is making things fly at a rapid rate. It has big lumber and building material supplies on hand, workmen are putting in the water mains, and around a dozen homes are now framed ready for completion.

The new camp cotton gin has been installed in one end of the recreational hall and men and women are busy on making mattresses which when finished are their own property. The Government provided free cotton and ticking and around a dozen mattresses can be turned out a day.

Camp Pahokee, which was constructed by the Southeastern Construction company, has now been provided with paved streets, sidewalks, and the highways are being decorated with palm trees.

**FUNDS OBTAINED**  
The much talked of Agricultural hospital for the Glades to be erected at Belle Glade, near Little Cuba, is now assured, as \$100,000 in funds for the erection of same has been authorized at Washington.

### PICKETT IN ARCADIA

John Pickett, Pahokee civil engineer, has gone to Arcadia, where he will be for some time working on a government survey at Cartersville, Fla.

### FELLOWSHIP SUPPER

The male members of the Community Methodist church at Belle Glade, last Friday night, put on a cafeteria supper, at which the women folk of the congregation were guests of honor. So successful and enjoyable was the occasion that it has been decided to give a fellowship supper once a month.

**CALLED TO PALATKA**  
John Chandler, of Pahokee, was called to Palatka, Friday night, for a trucking driver's job, which may keep him from Pahokee for several weeks to come.

## \$6,300,000 for Telephone Expansion

Nearly \$6,300,000 will be spent this year in Florida by Southern Bell for constructing, reconstructing and adapting telephone facilities to meet governmental and other telephone needs of the state.

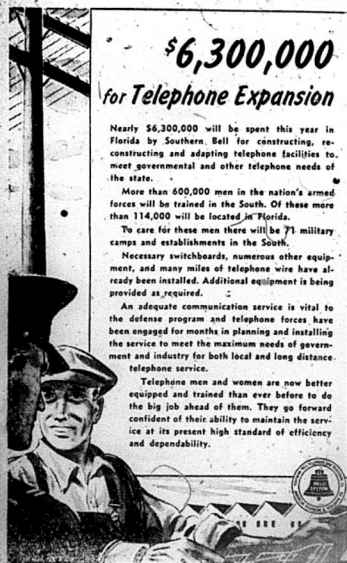

More than 600,000 men in the nation's armed forces will be trained in the South. Of these more than 114,000 will be located in Florida.

To care for these men there will be 71 military camps and establishments in the South.

Necessary switchboards, numerous other equipment, and many miles of telephone wire have already been installed. Additional equipment is being provided as required.

An adequate communication service is vital to the defense program and telephone forces have been engaged for months in planning and installing the service to meet the maximum needs of government and industry for both local and long distance telephone service.

Telephone men and women are now better equipped and trained than ever before to do the big job ahead of them. They go forward confident of their ability to maintain the service at its present high standard of efficiency and dependability.

Kay Francis' George Bancroft and Jimmy Lydon, in "Little Men" playing Wednesday and Thursday, April 9-10 at Everglades Theatre and Friday, April 11 at Prince Theatre.

### Pastor Urges Church Attendance

"The time of the year is here when people of all religions give up their carnal thoughts to that which they profess to believe, and since certain would-be world destroyers are at it, we must be at it too."

## B. ELLIOTT

19 Years Your Ford Dealer  
PAHOKEE BELLE GLADE

### 1930 Was Busy Year—

(Continued from Page 1)

Glades "K" lines, operated by his wife. Kettner was killed in an auto accident near Clewiston some years ago.

Government surveyors began to arrive in the Glades for making surveys for the proposed cross-state canal and certain drainage projects. J. P. McGuire, Jr., now in business in Pahokee, was one of the officials in charge of the work.

O. P. Woodcock was given a contract for \$30,000 for the erection of buildings at the Everglades Experimental station at Belle Glade. Congress appropriated the initial ten million for the survey and building of the Lake Okechobee protective dike.

The Brown Farms Corporation purchased 72,000 acres of land deep in the Everglades for farm development from the state. This year also included much of the plans for drainage in the Glades, and brought many cases of litigation. The Chase National Bank of New York was the financial agent which finally came in and provided the monies for the canal construction.

Dredges came into work on canals, and to erect the experimental dike east of Clewiston as a sample for contractors to go by in their work. Most all the spoil used in this model dike has now been removed and used for road construction purposes.

### TO ATTEND MEET

Everglades Lodge, No. 211, on Tuesday night, worked the first degree. Officers of the lodge are planning on attending the Grand Lodge session at St. Petersburg, April 10th, to 12th, at the municipal pier auditorium. Belle Glade lodge will also send several of its main officers to the same gathering.
